List Of All Herbs Pt 1

Alder Bark
Used for toothaches.

Beech Leaves
Although not an actual herb, these are used for carrying other herbs.

Bindweed
This plant helps to bind sticks together to help mend a broken leg and keep it in place.

Birch Sap
This could be a possible cure for yellowcough.

Blackberry Leaves
Chewing these leaves into a pulp creates a poultice that eases the swelling of bee stings.

Borage Leaves
This herb helps nursing queens produce milk, while also being useful for easing fevers.

Bright-eye
Mixed with lovage, this herb can help cure coughs.

Broom
This herb is used in poultices to help treat broken legs and wounds.

Burdock Root
Chewing this into a pulp creates a poultice that eases the pain of rat bites.

Burnet
This herb, along with daisy leaf, chamomile and sorrel, are the herbs that make up Travelling Herbs.

Catchweed

The burrs of this plant helps to stop poultice from rubbing off wounds.

Catmint
This herb can only be found in the Twolegplace, so cats collecting it must be careful. The herb is used to treat greencough and whitecough.

Celandine
The juices of this herb are squeezed into the eye to soothe the effects of damaged eyes.

Chamomile
This herb helps to strengthen the heart and soothe the mind. It is also used in travelling herbs for strength.

Chervil
The juices of this herb are chewed out of the root or leaves. It can be used for bellyache or infected wounds. It can also be used during kitting.

Chickweed
This herb also helps to treat greencough.

Cob Nuts
This herb is used to make ointments, although the reason for it is still unknown.

Cobweb
Cobwebs are placed onto wounds to help stop the bleeding, they are also used to help bind broken bones.

Coltsfoot
The leaves of this herb are chewed into a poultice and used to ease breathing and to treat cracked pads.

Comfrey Root
This herb has a variety of uses. The root is chewed into a poultice and is used to repair broken bones. It can also help to soothe wounds and wrenched claws. It is also used for itching, inflammation and stiff joints.

Daisy Leaf
This herb is chewed into a paste and is used to help aching joints. It is also one of the herbs that make up Travelling Herbs.

Dandelion
The leaves of this herb are chewed to create a painkiller and the white paste inside the stem is used to soothe bee stings

Dock
This herb soothes scratches and sore pads, though it can sting when it's applied.

Elder Leaves
This herb can be chewed into a poultice to soothe sprains.

Fennel
The juice of the stems can help pain in the hips.

Feverfew
This herb helps reduce body temperature for cats with fever or chills. It also heals aches and pains, it is especially good for treating headaches.

Goatweed
This herb helps to ease a cats grief.

Goldenrod
Chewed into a poultice, this herb is good for healing wounds.

Hawkweed
This herb is similar to catmint, but it isn't as strong.

Heather Nectar
This is added to herbal mixtures to make swallowing easier and to sweeten the mixture.

Honey
This herb has many different uses. It can be used to soothe infections, it helps cure smoke damaged and sore throats, it gives energy, soothes coughing and helps cats swallow other herbs.

Horsetail

This herb is used to treat infections and stop bleeding.

Ivy Leaf
Although they have no medical use. ShadowClan medicine cats use these leaves to store other herbs.

Juniper Berries
Juniper berries are used to help calm cats, soothe bellyaches, gives strength and helps troubled breathing.

Lamb's Ear
This herb is used to give a cat strength.

Laurel Leaf
These leaves have no medical use, but are used by ThunderClan medicine cats to make herb wraps.

Lavender
Lavender helps to cure fevers and chills. It is also used to hide the scent of death on cats.

Lovage
Mixed with Bright-Eye, this herb can cure coughs.

Lungwort
Lungwort helps to cure yellowcough.

Mallow Leaves
This herb is used to soothe bellyaches.

Marigold
Marigold is used to stop infections and bleeding. It is also used for inflammation and stiff joints.

Mint
Mint is another herb that helps to hide the scent of death on cats.

Moss
Moss is used to carry water to cats who can no longer travel to drink.

Mouse Bile

Mouse bile is used to remove ticks from elders.

List Of All Herbs Pt 2

Oak Leaf
This herb helps to stop infection from setting in.

Parsley
This herb helps to stop a nursing queen stop producing milk if she is producing too much, her kits don't need milk anymore, or if her kits die. It is also used to cure bellyaches.

Poppy Seeds
These can help cats sleep, soothe shock and distress or ease pain. This herb is not recommended for nursing queens though.

Ragweed
Similar to Lamb's Ear, this herb helps give a cat strength.

Ragwort Leaves
Mixed with juniper berries, this herb helps to treat aching joints and to keep cats strength up.

Raspberry Leaves
This herb eases pain and stops queens bleeding while kitting.

Rosemary
This herb has no medical usages, although it is used to hide the scent of death on a cat to prepare them for burial.

Rush
Rush is used to bind broken bones.

Sorrel
This herb, along with daisy leaf, chamomile and burnet, are the herbs that make up Travelling Herbs. Sorrel also helps to build up appetite.

Sticks
Cats in pain can bite on sticks to distract them from pain if no other

medicine is available. It is also used to help broken legs heal.

Stinging Nettle
Stinging Nettle has many medical uses. It is used to induce vomiting, bring down swelling. Mixed with comfrey, it can be used to help heal broken bones. It helps with wounds and chewing the stem helps fight against infection.

Sweet-Sedge
The sap from this herb is used to ease infections.

Tansy
This herb is used to cure coughs, wounds and poisons. It also soothes throats and stops cats from getting greencough. Although it can be extremely dangerous to pregnant queens.

Tormentil
Tormentil helps to treat wounds and extract poisons.

Thyme
This herb helps to calm nervousness, anxiety and cats who are in shock.

Travelling Herbs
When mixed together, these herbs suppress hunger pains and help give cats strength. Travelling Herbs are made up of Sorrel, Daisy, Chamomile and Burnet.

Watermint
This herb helps ease suffering from a bellyache.

Wild Garlic
Wild garlic helps draw out poison in rat bites and prevents infections. Cats must roll in it to get its medical uses.

Willow Bark
Willow bark is used to ease pain.

Willow Leaves
Willow leaves are used to stop vomiting.

Wintergreen

This herb is used to treat wounds and some poisons.

Wood Sorrel
This herb is used to dry up wounds.

Yarrow
Yarrow is used to make cats vomit up toxins. Is is also used to extract poisons from wounds and to soften and help heal cracked pads.

Poisons

Deadly Nightshade
This herb is poisonous, although it can be used to kill a cat who cannot be saved.

Deathberries
Deathberries can kill a cat within minutes of them being eaten. However, only the seeds are poisonous and the flesh can be used to cure infection without causing death.

Foxglove Seeds
This herb can cause a cat to become paralysed, it can cause heart failure and also lead to a coma and death.

Holly Berries
Holly berries are only fatal if cats eat too many, or if a kit or elder eats them. Side effects of holly berries are loss of appetite, vomiting and belly pain.

Meadow Saffron
This herb causes lethargy, vomiting and difficulty breathing.

Water Hemlock
This herb causes writhing, pain and foaming at the mouth.

The Medicine Cat Code

In addition to following the Warrior Code the Medicine Cats of the Clans have there own set of rules to follow and here it is:

1. A medicine cat may not fall in love or take a mate.

2. A medicine cat may not have kits.

3. A medicine cat may only retire when their apprentice is ready to take their place.

4. A medicine cat shares dreams with only StarClan.

5. A medicine cat may only discuss dreams, prophecies, etc. with their leader or other medicine cats at the monthly meeting; dreams of an otherwise prophetic nature should not be disclosed to any outside parties, or any other cats in the Clan.

Medicine Cat Ceremonies

Medicine Cat Apprentice Ceremony* - At The Camp

Leader: (Kit Name) has reached the age of six moons, and it is time for (him/her) to be apprenticed. (Kit name) from this day on, until you receive your full name, you will be known as (Apprentice Name)

Leader: (Medicine Cat Name), you are able to take on an apprentice. (Apprentice Name), do you accept the post of apprentice to (Medicine Cat Name)

Apprentice: I do.

Medicine Cat: "Then at the half-moon, you must travel to the Moonstone/pool to be accepted by StarClan before the other medicine cats.

Leader: "The good wishes of all (Clan Name) go with you."

***This ceremony is also used if a warrior decides to become a medicine cat later in life.**

Medicine Cat Apprentice Ceremony - At The Moonstone/pool

Medicine cat: (Apprentice Name), is it your wish to enter the mysteries of StarClan as a medicine cat?

Apprentice: It is.

Medicine cat: Then come forward.

Medicine cat: Warriors of StarClan, I present you with this apprentice. They have chosen the path of a medicine cat. Grant them your wisdom and insight so that they may understand your ways and heal their Clan in accordance with your will.

Medicine Cat Ceremony

Medicine Cat: I, (name), medicine cat of (Clan Name), call upon my warrior ancestors to look down on this apprentice. (He/she) has trained hard to understand the ways of a medicine cat, and with your help (he/she) will serve (his/her) Clan for many moons. (Apprentice Name), do you promise to uphold the ways of a medicine cat, to stand apart from rivalry between Clan and Clan and to protect all cats equally, even at the cost of your life?

Apprentice: I do.

Medicine Cat: Then by the powers of StarClan I give you your true name as a medicine cat. (Apprentice Name), from this moment you will be known as (New Name). StarClan honors your (virtues), and we welcome you as a full medicine cat of (Clan Name).

If a medicine cat decides to retire, they will receive the regular elders ceremony.

Other Medicine Cats And Healers

Petunia - WarriorClan
Peanut - The Guardian Cats*
Spire/Spiresight - The Guardian Cats
Bracken - The Guardian Cats
Half Moon - Tribe Of Rushing Water
Rock - The Ancients
Teller Of The Pointed Stones/Stoneteller - Tribe Of Rushing Water**
Crag Where Eagles Nest - Tribe Of Rushing Water

*All of The Guardian Cats care for sick cats, the ones I have added are specifically listed as healers on the warriors wiki.

**All Tribe healers change their name to Teller Of The Pointed Stones once they become healer. I've kept Crag's name as his former to differentiate between the two.

The End

Now you know how to be a medicine cat!

I hope you have enjoyed this helpful guide on how to be a medicine cat!

Do you have any medicine cat OC's? I have many but my main one is named Snowpool!!

What's your Medicine Cat OC's Name?
